Information About Your CalPERS Health Benefits

About the Health Benefit Summary

This Health Benefit Summary booklet summarizes benefits offered by CalPERS Health Maintenance Organization (HMO), Exclusive Provider Organizations (EPO), and Preferred Provider Organization (PPO) plans. It is intended to help you choose the CalPERS health plan that best meets your needs.

This summary provides only a general overview of benefits. It does not include details of all covered expenses or exclusions and limitations. Please refer to each plan's Evidence of Coverage (EOC) booklet for the exact terms and conditions of coverage. Plans mail EOCs to current members before Open Enrollment, to new members at the beginning of the year, and to CalPERS members upon request. In case of a conflict between this summary and your plan's EOC, the EOC booklet determines the benefits that will be provided. Note: Some health plans require binding arbitration to resolve disputes. Please refer to the CalPERS *Health Program Guide* for more information.

This booklet is to be used only in conjunction with the current year rate schedule. To obtain an additional copy of the rate schedule for the health plan in which you are currently enrolled, please contact CalPERS at **888 CalPERS** (or **888-225-7377**).

Understanding Health Plan Availability

In this booklet, you will find a chart that indicates which CalPERS health plans are available in each California county, as well as out-of-state (see pages 28-29).

In general, active employees and working CalPERS retirees may enroll in a health plan using either their home or work ZIP Code. (The exception to this rule applies to members enrolling in Kaiser Permanente Senior Advantage, who must use only their residential ZIP Code.) If you are using your home ZIP Code, all enrolled dependents must live in the health plan's service area. If you use your work ZIP Code, all enrolled dependents must receive all covered services (except emergency and urgent care) within the health plan's service area, even if they do not live in that service area.

If you are a retired CalPERS member, you may select any plan in your residential ZIP Code area. Retirees cannot use the address of the employer from which they retired to establish ZIP Code eligibility unless it is a non-CalPERS covered employer.

Choosing a Health Plan

When you choose a health plan, be sure to review the plan's covered and non-covered services, and the restrictions on your choice of providers. In addition to the information in this booklet, we have several other resources available to assist you in making your health plan choice, including the **Health Plan Chooser** tool and the **Health Plan Search by ZIP Code** locator tool. Both of these resources are available on the CalPERS Web site at www.calpers.ca.gov.

Benefit Design Changes for 2008

Basic HMO Plans Offer Free Preventive Care

If you are enrolled in one of CalPERS Basic HMO health plans (Blue Shield of California or Kaiser Permanente) next year, you will have no co-payment for most preventive care office visits. We hope this encourages you to take advantage of the preventive care services our health plans offer, including periodic health exams, maternity care, well baby visits, allergy testing and treatment, immunizations, hearing evaluations, and pre/post-natal care. Again, most of these services will be **free** for Basic HMO members in 2008.

New Plans Provide Additional Opportunities to Save

You might be able to save on your health care premium next year by enrolling in one of the new “high performance network” plan options – Blue Shield NetValue (HMO) and PERS Select (PPO). These plans will provide the same level of benefits and quality of care, but they will cost less than the standard Blue Shield Access+ and PERS Choice plans. NetValue will be available in 17 counties, and PERS Select in 54 counties. If you don’t live in one of these counties, perhaps you work in one. In that case, you may be able to enroll in one of these lower cost plan options based on your work Zip Code. (See “Understanding Health Plan Availability” section on page 2.)

How These Changes Could Save Money and Enhance Benefits

To illustrate the value of these benefit design changes, let’s use the example of a State member who currently has health coverage for herself and her family (husband, 4-year old child, and a baby on the way) through Blue Shield.

If this member transfers from the standard Blue Shield HMO family plan to Blue Shield NetValue (high performance network), she will save more than \$1,500 in premiums in 2008. She can use this savings to pay for additional health care services for her family, such as co-payments for 20 doctor’s office visits for non-preventive care, 12 retail generic drug prescriptions, 12 retail brand prescriptions, 4 mail-order brand prescriptions, 4 mail-order non-formulary prescriptions, 12 urgent care visits, and 3 emergency room visits (without being admitted) – and still keep an extra \$265 in her pocket.

On top of that, she and her family members will receive **free** preventive care services, as outlined above.

Other Co-payment Changes

In addition to waiving the co-payment for most preventive care office visits and adding two new plan options, here are the other changes that will be in place for our **Basic HMO** health plans in 2008:

- Non-preventive care office visit co-pays increased by \$5 (from \$10 to \$15)
- Co-pays for urgent care standardized to \$15 (currently \$25 for Blue Shield, and \$10 for Kaiser)
- Annual out-of-pocket maximum created for Blue Shield – \$1,500 for an individual and \$3,000 for a family, excluding pharmacy (Kaiser already has these maximums in effect.)

- ¹ PERS Select utilizes the Blue Cross of California Power Select PPO Network, which is a subset of the Blue Cross of California Prudent Buyer PPO Network. Approximately 50 percent of the Blue Cross Prudent Buyer PPO Network of physicians participate in the Power Select PPO Network. By obtaining physician services through the Power Select PPO Network, you will receive the highest level of reimbursement. A PERS Select member should check to see if a physician is participating in the Power Select PPO Network before receiving services.
- ² PERS Choice and PERSCare utilize the Blue Cross of California Prudent Buyer PPO Network, which is a more comprehensive network. By obtaining services through Blue Cross of California Prudent Buyer PPO Network, you will receive the highest level of reimbursement.
- ³ Covered expense for services from Non-PPO providers is based on strictly limited schedule of allowances. Members must pay charges in excess of those scheduled amounts.

² This is a benefit beyond Medicare. Refer to your Evidence of Coverage (EOC) Booklet for explanation.

Chart Legend

- Health plan covers all or part of county.
- ❖ The Blue Shield EPO Plan serves Colusa, Mendocino, and Sierra counties only. The EPO plan offers the same covered services as the Access + HMO plan, but members must seek services from Blue Shield's network of preferred providers. Members are not required to select a personal physician.

Health Plan Service Areas

To determine if the plan you are considering provides service where you live or work, find your county and follow the dots to see which plans are available. You should contact the plan before you enroll to make sure they currently cover your ZIP Code and that their provider network is accepting new patients in your area. You may also use our online service, the **Health Plan Search by ZIP Code**, available at www.calpers.ca.gov.

Kaiser Medicare Managed Care Plan

If you are retired and eligible for Medicare, and you are enrolled or enrolling in Kaiser Permanente's CalPERS-sponsored Medicare Managed Care plan (called Senior Advantage in most areas), you must:

- Reside in an approved ZIP code; and
- Complete the *Senior Advantage Election* form.

If you are Medicare eligible and enrolling in the Kaiser Permanente outside of California, you must enroll in a Kaiser Medicare plan in your state. You cannot remain enrolled in the Kaiser Basic health plan.
